3 The difficulty of the D-C is not intelligible. Veterinary dispensaries are intended for the treatment of all sick animals If an animal becomes maimed wounded or sick as the result of an Offence Committed in respect of it under the Prevention to Cruelty Regulation, it Cant be refused admission on the ground that it to did not become sick in the Natural Course So even without the dispensary being appointed an Infirmary it is bound to receive & treat sick animals, Seeing as thereunder by appointing it as an Infirmary, it is not necessary that the accomodation Shd be enlarged or the staff increased Cases of animals Coming to the Infirmary would be few and far between, & there will be no difficulty
